

FAN BAG

Thank you for being part of the One Heart Project's initiative to provide items to at-risk or incarcerated youth. These youth would love to hear from you... we have included a notecard for you and your family to write words of encouragement or simply sign. Your notes will be delivered with your filled bag(s).

In your bag(s), please pack only the items listed on the other side of this card. (As much as we would like to provide additional items, it is important to adhere to the approved list.) The approximate cost of each completed bag should not exceed \$20. If you wish to provide other items for incarcerated or formerly incarcerated youth, or wish to make a monetary donation rather than filling the bags, please visit our website at oneheart.com or email us at info@oneheart.com.

The One Heart Effect: If you change a life, you change the future – together we can transform our culture! Thank you for your donation and being part of One Heart!
